136 N. Grand Ave #254 West Covina, CA 91791 | Philip.Blood@yahoo.com

To whom it may concern:

Jeni Dean has done both key characters and entire novel narration, performing multiple voices for several of my novels. She has also done complete novel narration for one of my fantasy trilogies. She is very professional voice actress who gets work done on or before deadlines. Jeni is also easy to work with, and willing to listen to direction.

Her recordings are done with quality equipment, and come very cleanly edited. Most importantly, she is a joy to work with, and always has a great attitude.

Her acting skills are exceptional, and she manages to achieve excellent emotion without overacting.

Not only do I recommend her for other projects, but I plan to use her in the future on many more projects of mine, including novels and video game voices.

If you are seeking a good voice actress with who can do several English accents, look no further, she is an excellent choice.

Sincerely,

Philip Blood
